Claim Details

You may ask for more details about your request for benefits and/or claim(s) listed in this notice. If applicable, you may request diagnosis and treatment codes and their descriptions. You may also send us a letter asking for the facts we looked at to make our decision and we will send these facts to you for free. You can call our Customer Service Department at the number listed on your BlueCross BlueShield of Tennessee identification card to make a request for these details or facts about your claim(s).

Appeal/Grievance Rights

If you do not agree with this decision, you may request that we review the decision. This is called a 'grievance' or 'appeal' in your Evidence of Coverage or member handbook. Every member has access to an appeals/grievance process. Some plans are governed by the Employee Retirement Income Security Act of 1974 (ERISA), which is a Federal Act with specific appeal/grievance rights. If your health plan is governed by ERISA, you may file a civil action after you finish the grievance/appeal process. You may also be able to ask for an independent review of this decision. If your plan is not governed by ERISA, such as the State of Tennessee employee, higher education, local education, and local government plans, you will have appeal/grievance rights outside of ERISA. Please refer to your member handbook for your rights. If you are unsure of your rights, call the Customer Service number on your ID card.

When filing your grievance/appeal, you can use a lawyer, or you can file the grievance/appeal by yourself. You can send us additional information for the review. You must send us your grievance/appeal before 180 days (unless otherwise stated in your Evidence of Coverage or member handbook) have passed from the date you receive this notice. BlueCross BlueShield of Tennessee will give you an answer within 15 to 60 days, depending on your health benefit plan rules. If your request is related to an urgent care need, we will review your claim and provide an answer within 72 hours. You may also begin an external review at the same time as the internal appeals process if this is an urgent care situation or you are in an ongoing course treatment.

Consumer Assistance Programs Available
